Average miles per gallon

A wireframe of a mobile application screen. At the top is a dark header bar with a back arrow on the left, the text "Average MPG" in the center, and a hamburger menu icon on the right. Below the header, the title "Select Your Car" is centered. There are three form fields: "Year" with the value "2005", "Make", and "Model". Each field is a rounded rectangle with a downward-pointing chevron icon to its right. Below these fields is a dark "Find" button. A horizontal line is positioned below the "Find" button. At the bottom of the screen is a large white rectangular area, and below that, a dark bar containing the text "Average miles per gallon". The entire screen is framed by a rounded rectangle representing a smartphone, with a small circle and a horizontal bar at the top and a circular home button at the bottom.

Average miles per gallon

A mobile app interface for calculating Average MPG. The app is displayed on a smartphone frame. At the top, a dark header bar contains a back arrow, the text "Average MPG", and a hamburger menu icon. Below the header, the title "Select Your Car" is centered. The form consists of three rows of input fields: "Year" with a dropdown menu showing "2005", "Make" with a dropdown menu showing "Toyota", and "Model" with an empty dropdown menu. Each dropdown has a downward arrow icon. Below these fields is a dark "Find" button. A horizontal line separates the input section from the output section. The output section features a large white rectangular box on a dark background, with the text "Average miles per gallon" centered below it. The smartphone frame includes a home button at the bottom and a camera/sensor at the top.
